

Learn more, do more

Serene, picturesque and educative environment spread across 26 acres of clean, green and natural ecosystem for nuanced learning on the 71st km stone of National Highway No. 02 in Palwal, Faridabad.

Expansive library facility and wi-fi enabled campus.

Vibrant campus life with advanced facilities for sports, music and applied arts. Regular events add the dash for entrepreneurial, scientific and artistic indulgences.

Experienced faculty helps students to apply for higher studies in international universities, and for jobs in multi-national companies located in India and abroad.

Looking forward

To keep up with the international technological trends we annually upgrade our curriculum. To this effect, therefore, we have included the impartation of knowledge in Blockchain Technology, Internet of Things (IoT), Virtual & Augmented Reality and Network Security.

To facilitate deeper learning and understanding industry experts are invited to hold regular in-campus lectures and seminars.

NEW EDUCATION

TRADITION | TECHNOLOGY

NGF COLLEGE OF ENGINEERING & TECHNOLOGY

Approved by AICTE, New Delhi
Affiliated to JC Bose University of Science & Technology,
YMCA, Faridabad

What is **NEW EDUCATION** ?

New Education is the harmonious coming together of the traditional educative strengths that have always been inherent in the Indian culture, with the ultra-modern methodologies particular to western education. It is the blend of eastern wisdom with western meticulousness to prepare students for a global workplace.

Our legacy serving humanity for over 5 decades

NGF College of Engineering & Technology (NGFCET) is run under the aegis of the New Green Field Educational Society (NGFES) New Delhi, a pioneering collective of high thinkers, which has been serving the education sector for more than 5 decades. The society has been pursuing highest moral, ethical and cultural values, and excellence in every field through sheer hard work and dedication.

Our pillars of strength:

New Green Field School, Estd. in 1964, Marg 22, Saket, New Delhi

New Green Field School, Estd. in 1987, Alaknanda, New Delhi

NGFES has created sparkling examples of educational institutions that dot the Delhi-NCR landscape, NGF College being one such example, established in 2008.

Offering the latest in technical education, using robust state-of-the-art infrastructure, scientifically designed syllabus and an advanced curriculum, NGF College is aimed at enabling higher performances, towards more fulfilling life goals.

Business | Information Technology

BBA

New Green Field Educational Society (Estd. 1962)

Smt. Ved Kumari
was the founder
chairperson and
the guiding light
of NGFES.

Throughout her
life, she was
proactively
involved in

enlightening one and all who
approached her for education. An
academician to the core, she
created fountains of education in
the form of the institutions that she
established and breathed life into.

What sets us apart

In India, the education system is still following the Macaulay pattern, which is currently being put to a lot of scrutiny by academia. This, combined with quick technological turnarounds, and frequent systemic adjustments common to all economies of the world, has created multiple shades of grey in the minds of the learners as to what must be studied and what must not be.

NGF College balances out these anomalies and imparts best education to its students so that they can contribute effortlessly in a wide socioeconomic array.

We endeavour to create future professionals and global citizens. We also prepare our students to run successful enterprises.

Our Awards & Achievements

Excellence in Education Award given by H. E. Governor of Haryana & Punjab, Sh. Kaptan Singh Solanki on behalf of the Council for Economic & Scientific Studies
Best Industry Interface Award (Delhi-NCR) - 2014 given by Mr. Kapil Sibal, former Minister of IT & Communication

Token of appreciation received from Mr. Joshep Landes, GM, Developer Experience & Evangelism (DX) Microsoft, at the Microsoft Imagine Cup Finale 2015
