SHOBHIT INSTITUTE OF ENGINEERING & TECHNOLOGY

Shobhit Institute of Engineering & Technology (previously known as Shobhit University) is NAAC 'A' Grade Accredited research intensive multi-disciplinary University that shares values of high-quality teaching within an environment of internationally competitive research. It was notified as a Deemed to-be University by the Government of India in 2006 u/s 3 of UGC Act 1956. We are dedicated in preparing students to make meaningful contribution to society as knowledge leaders. Our proud graduates are serving a wide spectrum of industries globally.

The University believes in strategic growth as envisaged in our mission and vision, to impart quality education through vertical and horizontal integration. It strives to become a world class university, with a global perspective, that educates the future leaders of the world. Therefore, the challenge before the University is to remain in the forefront of cutting edge knowledge and to follow the best international practice(s) in academics.

The University aspires to make academic issues and commitments as the key concerns of the young generation and thereby, make a significant contribution to the academic developments wherever they are in the world. By the fostering of quality education, research and innovation, the University endeavour to empower youth. Inspired by talent that is regularly enriched and driven by innovation is the guiding philosophy of the University's enlightened community.

The University translates its vision into reality on the path of achieving excellence in engineering, technology and management, based on the fundamentals of 21 century education to conform and serve basic human needs, for overall development and inclusive growth.

NAAC A

At University, we look to the future and believe in innovation; a vibrant, forward-thinking University with a reputation for high achievers among students, academics and researchers. And as you make the big decision as to where you would like to spend your university years, there are specific things you might like to know about us.

☑ We're not an 'ancient' University and won't want to be. What excites us is to provide quality teaching and research that makes a difference to the world – today and tomorrow.

☑ Across all our departments, we have a reputation for 'being pragmatic by equipping and orienting you with practical approaches to face emerging challenges'. Our courses are geared towards delivering genuine practical value and our close links with the business provide you with excellent opportunities to get your careers take off with a great start. We think globally but act locally.

☑ Our priority is to help you develop the skills that employers truly value. Whichever course you choose to study, these skills will include information management, problem-solving, communication and teamwork. These are the skills that will give you a genuine edge in your future career. It's this focus that sets us apart from many other universities; in particular our International Skills Development Centre Initiatives (ISDC).

☑ We invest heavily in our teaching and learning facilities so that you can make the most of your university experience. We have been in teaching for more than 25 years, but our faculty is much more senior. With us, well-known experts, media gurus, scientists and leading business figures will be mentoring programs for you and provide you with support and guidance throughout your studies. To cap it all our Ignited Minds Lectures Series will provide you with the opportunity to interact with the best minds of the country and abroad.

☑ All our students have access to excellent IT resources and latest audio visual aids. We have a number of computer laboratories with the latest hardware and software support. We provide network connectivity throughout the campus. There are also hot-spots across the University allowing Wi-Fi network access when and where you need it.

☑ Students who enjoy sports and body fitness will love the facilities at Shobhit University. Our Centre for Sport and Recreation includes a cardio-vascular suite and numerous other facilities including squash, badminton, weight training and fitness classes. For lovers of outdoor sports, facilities ranging from athletics to football are available to choose from. It doesn't end there. There are a number of clubs, adventure sports and volunteer opportunities to join in– making new friends is never difficult at Shobhit University.

☑ The University enthusiastically looks into the immediate & future needs of its students. Academic, training, placement, project and psychological needs of the students are carefully perceived, action plans formulated and implemented by the University Training & Placement Centre. We understand that active engagement of the industry with the academia is vital for developing the required skills in future professionals. Recognizing the current scenario of the 'skills gap' and to help industry to overcome it, we have launched the "Industry Engagement Initiative".

☑ Shobhit University has mutual recognition, validation and partnerships with a range of reputed universities and research institutes globally. This has enabled it to pass through a rigorous process of mapping and matching required for mutual accreditation of programs and associated facilities, besides firmly securing for it a place on the global map.

☑ Shobhit University believes that one good move makes all the difference. As an initiative to recognize the merit and hard work of our young aspiring professionals, we have instituted a number of Scholarships and Research fellowships for your benefit.
